## Summit Global Investments is Named to PSN's Top Guns List

*Quarterly PSN Top Guns List identifies best-in-class separate accounts, managed accounts, and managed ETF strategies*

**Bountiful, Utah — January 4, 2022— Summit Global Investments (SGI)** announced today it has been named to *PSN's Top Guns List* of best performing separate accounts, managed accounts, and managed ETF strategies for Q3 2022. The firm was recognized for its Small Cap Equity Strategy. The highly anticipated list, published by Zephyr, remains one of the most important references for investors and asset managers.

Summit's Small Cap Equity Strategy received a two-star rating, meaning it had one of the top ten returns for the one-year period ended 9/30/2022, in its respective strategy. In these portfolios, SGI seeks to outperform the Russell 2000 Index® over a market cycle. The strategy typically invests in 180-220 common stocks within U.S. Small Capitalization companies.

"We are very proud of this recognition, as it clearly shows we are bringing value to our institutional and private clients," said Dave Harden, founder & CEO of SGI. "This past year, 2022, was a difficult one for investors. Our unwavering focus on managing risk helped weather the uncertainty and volatility in the market."

Through a combination PSN's proprietary performance screens, the [PSN Top Guns List](#) ranks products in six proprietary categories in over 75 universes based on continued performance over time.

"With the growing interest in separately managed accounts, the PSN Top Guns List has attracted greater attention," says Margaret Tobiasen, SVP of Data Distribution, who cites PSN's pioneering efforts as the

first SMA database. “Summit Global Investments has done remarkable work and we are pleased to include them as a top performer.”
